Congratulations to the Class of 1981.

It is my sincere hope that each time you look over the thoughts and images of this past year, you will enjoy renewed meaning from your Roger Williams College experience and be sustained.

It was the desire of those of us charged with the operation of the College to prepare you to compete in the process of life which is forever changing. Your greatest challenge will be to share in the task of meeting life's challenges.

Your education has given you the tools with which to achieve professional success and to assume meaningful, positive roles in recognizing and contributing to the needs of our society. May you use your learning well and may you find the joy and satisfaction which belongs to every human being in making life worth living.

## DEDICATION

We, the Talisman Staff of 1981, dedicate this book to our teachers, past and present.

We wish to thank them for their interest in us, and for the time and patience they have devoted toward the development of our characters.

We appreciate their support on our paths to the present and will cherish the wisdom given us on our paths to the future.

## APPRECIATION

The 1981 Talisman Staff would like to show their appreciation to Valerie Mahoney for all that she has done at Roger Williams.

Her strong commitment to improving standards has been a tremendous effort to the college community. Not everyone is aware of the extent of her job responsibilities, which require long, irregular hours of work.

Val's dedication is evident through the many activities she organizes and we would like to formally thank her for her time and effort she has given us.

# SPRING WEEKEND

IN MEMORIAM: VITO CAVALLO

You were given life  
and with this gift  
you have fulfilled  
and touched our hearts  
and our memories.  
Now He who gave you life  
has promoted you  
from your mortal existence  
to reign with Him  
in His Heavenly Kingdom  
where pain and trouble are extinct  
and peace and joy flourish the soul.  
Do not be disturbed  
by our tears  
for we have yet to travel  
before we graduate  
from this world.  
But pray for us  
to accept your new existence  
until we too  
are chosen  
and reunited with you.  
— Sue Dauphinaio

The things we've shared are unique and all our memories, whether good or bad, have become a part of us.  
We have grown, learned, and experienced all these things to enhance our existence. By building on our past, we have direction  
and guidance to move ahead with the positive reality that we are conquerors.  
May every tomorrow bring you faith, hope and peace.

Despite all our efforts, we cannot hope to recapture individual experiences effectively for each person. We have strived to present an overall picture of the year, capturing the atmosphere of the campus and the mood of the students.

We've worked hard to create a publication you would appreciate, think about, and be proud of. Only time will judge our success. If you pull this TALISMAN off of the shelf in ten or twenty years, dust it off, look through it and remember what this year was like for you personally — if it sparks your own recollections, we will have realized our goal. If you see something new in this book each time you look at it, we will have accomplished something special. And that's what we're hoping for.

We've tried to create a book which will be pleasing to its audience, but regrettably, we have neither the space nor the personnel to cover every aspect of the college, which makes it impossible for us to please everyone.

We sincerely appreciate the help of those who worked with us on the TALISMAN this year. Many of them would be very rich by now if they had been paid for all the time they put into the book's publication.

Our very special thanks to Ben Carr whose insight and advice was an invaluable asset to us; and thanks also to Dick Swiech, our friend and representative from Hunter Publishing Company for his expertise and patience throughout the year.

Congratulations to the Class of 1981. We wish them the best in their future endeavors.
